NEET 2023 Paper Analysis: The NEET UG 2023 exam was conducted on May 7, 2023, from 2:00 to 5:20 PM. According to feedback from the students who attempted this paper, the overall difficulty level of the paper is categorized as easy to moderate.

The exam covered three key sections Chemistry, Physics, and Biology, and was held in 499 cities across India and abroad, serving as exam centers. Considering the overall performance and perceived difficulty level, the NEET 2023 cut-off is anticipated to be higher than the previous year. This implies that students aspiring to secure admission to medical colleges and universities must achieve higher scores in this year's examination.

NEET 2023 Paper Analysis Overview

The NEET 2023 Paper Analysis provides a thorough overview of the exam, including information on its structure, question types, and overall difficulty level. This analysis delves into various subjects, including Physics, Chemistry, and Biology, shedding light on the patterns observed in the questions. Understanding the NEET 2023 overview is critical for aspirants looking for a strategic approach to their preparation and ensuring they are well-prepared for the exam's challenges.

Overall difficulty level of the paper	Moderate to High
Difficulty level of Botany	Easy
Difficulty level of Zoology	Easy
Difficulty level of Physics	Tough
Difficulty level of Chemistry	Tough
Was the paper lengthy and time-consuming?	Yes

NEET 2023 Paper Analysis, Students' Feedback

This analysis, which incorporates valuable feedback from students who took the NEET 2023 exam, captures firsthand experiences and opinions. Understanding students' perspectives provides a unique perspective toward NEET preparation, allowing future candidates to better prepare. Aspiring medical candidates can gain valuable tips, learn from shared experiences, and fine-tune their preparation strategies for the upcoming NEET exams with the help of student' feedback.

NEET 2023 Paper Analysis, Students' Feedback		
Subject	**Difficulty Level**	**Key Points**
Physics	Easy to Moderate	• More numerical problems (78%) compared to last year. • Stick to the NCRT book for preparation. • Section B had trickier questions. • Similar difficulty to NEET-UG 2022, but it felt a bit longer.
Chemistry	Moderate with Some Difficult Questions	• Follows NCERT closely with modifications. • Introduction of Assertion-Reason questions • A balanced mix of Inorganic, Organic, and Physical Chemistry • 3-4 questions test higher-order thinking.
Biology	Moderate to Difficult	• Lengthy and time-consuming questions. • Mostly aligned with the NCERT syllabus. • Some straightforward, some tricky questions. • No controversial questions. • Includes Statement-based and Assertion-Reason questions.

NEET 2023 Paper Analysis - Physics

The analysis reveals that the Physics section featured a mix of theoretical concepts and numerical problems. Some test-takers found the physics section moderately difficult, primarily due to the complexity of specific questions. Key topics covered included are:

NEET 2023 Paper Analysis - Physics		
Unit & Topic	**No of Questions**	**Weightage of Questions**
Alternating Current - Average, peak and RMS values	3	6%
Capacitance - Definition of capacitance	1	2%
Current Electricity - DefinItion of Current, Current Densities, Drift	5	10%
Electro Magnetic Field - Magnet and Magnetic field due to a moving charge	3	6%
Electro Magnetic Induction - Flux and Faraday's laws of electromagnetic induction	1	2%
Electrostatics - Properties of charge and Coulomb's Law	3	6%
Friction - Kinetic friction	1	2%
Gravitation - Universal law of gravitation	2	4%
Modern Physics - Photoelectric Effect	5	10%
Rigid Body Dynamics - Kinematics	5	10%
Surface Tension - Surface tension, Surface energy and capillary rise	1	2%
Wave Optics - Principle of superposition, path difference, Wavefronts, and coherence	1	2%
Projectile Motion - Definition, Projectile on a horizontal plane	1	2%
Newton's Law of Motion - Type of forces, newton's third law, free body diagram	1	2%
KTG and Thermodynamics - Kinetic Theory of gases	2	4%
Solid and Semiconductor - Semiconductor, Energy Band	3	6%
Measurement Error	2	4%

Geometric Optics - Plane Mirror	3	6%
Electromagnetic waves	2	4%
Rectilinear Motion - Distance and Displacement	2	4%
Fluid Mechanics - Measurement and calculation of pressure	1	2%
Work, Power, Energy - Work Done By Constant Force	2	4%
Elasticity and Viscosity - Elastic behavior longitudinal stress, young modulus	2	4%
Simple Harmonic Motion - Equation of SHM	1	2%

NEET 2023 Paper Analysis - Biology

Biology constituted a significant portion of the NEET 2023 examination. The biology section had questions from both botany and zoology. Many students considered this section relatively easier than chemistry and physics. Key topics covered in biology are:

NEET 2023 Paper Analysis - Biology		
Unit & Topic	**Number of Questions**	**Weightage of Questions**
Botany	50	100%
Cell Biology - Introduction, Prokaryotic Cell	5	10%
Ecology-Biodiversity and Conservation - Introduction, Level of biodiversity, Pattern of biodiversity, Loss of biodiversity	2	4%
Plant Kingdom-Algae	2	4%
Genetics I - Introduction, Mendelism, Monohybrid Cross, Dihybrid Cross, Back Cross, Test Cross, Incomplete Dominance, Codominance, Multiple Alleflism, Pleiotropy	3	6%
Sexual Reproduction in Flowering Plants - Sexual Reproduction Introduction	4	8%
Ecology-Ecosystem - Introduction, Biotic components of ecosystem	2	4%
Anatomy of Flowering Plants - Plant Tissues, Tissue System	3	6%
Application Biology (Biotechnology) - Principles of Biotechnology	4	8%
Morphology of Flowering Plants - Root	3	6%
Plant Physiology-II-Plant growth and Growth Hormones - Growth and Development	3	6%
Plant Physiology-II-Photosynthesis In Higher Plants - Introduction (Early experiments), site of photosynthesis and photosynthetic pigments	4	8%
Ecology-Environmental Issues - Types of pollutants, Types of pollution-Air pollution, Noise pollution, Acid rain, Ozone depletion, Water pollution	1	2%
Genetics II - Nucleic Acids (The Generic Material, DNA, RNA)	4	8%
Plant Physiology-I-Mineral Nutrition - Methods to study mineral requirements of plants, Essential mineral elements, Role of macro and micronutrients, deficiency symptoms of essential elements, Toxicity of micronutrients	2	4%
Plant Physiology-I-Transport in plants - Diffusion, Facilitated diffusion, osmosis, Active transport, DPD, Water potential plasmolysis, imbibition	3	6%
Biomolecule - I - Carbohydrates	1	2%
Ecology-Organisms and Population - Introduction, Abiotic factors, Responses to abiotic factors	2	4%
Plant Physiology-II-Respiration in plants - Introduction, Glycolysis and Fermentation	1	2%
Biomolecule-II - Nucleic Acids	1	2%
Zoology	50	100%
Cell Biology - Introduction, Prokaryotic Cell	4	8%
Genetics I - Introduction, Mendelism, Monohybrid Cross, Dihybrid Cross, Back Cross, Test Cross, Incomplete Dominance, Codominance, Multiple Alleflism, Pleiotropy	2	4%
Application Biology - Principles of Biotechnology	2	4%
Ecology-Environmental Issues - Types of pollutants, Types of pollution-Air pollution, Noise pollution, Acid rain, Ozone depletion, Water pollution	1	2%
Genetic II - Nucleic Acids (The Generic Material, DNA, RNA)	3	6%
Ecology-Organisms and Population - Introduction, Abiotic factors, Responses to abiotic factors	2	4%
Biomolecule-II - Nucleic Acids	1	2%
Body fluids and circulation - heart and conduction	3	6%
Animal Kingdom-1 - Porifera	4	8%
Human Reproduction and Reproductive Health - Male Reproductive System	6	12%
Excretory Products and Their Elimination - Homeostasis and Osmoregulation	1	2%
Neural Control and Coordination - Nervous Tissue	2	4%
Digestion and Absorption - Nutrition	2	4%
Structural organization in animals - Connective tissue	1	2%
Locomotion and Movement - Muscles	2	4%

Origin and Evolution - Origin of Life	2	4%
Chemical Coordination and Integration -Endocrine Gland	3	6%
Biology In Human Welfare - Microbes in Human Welfare	1	2%
Structural Organisation in Animal - Epithelial tissue	1	2%
Animal Kingdom-2 - Chordata	2	4%
Biology In Human Welfare-Strategies for Enhancement of Food Production in Animal -	1	2%

NEET 2023 Paper Analysis - Chemistry

The paper presented a balanced distribution of questions from various chapters. Candidates encountered questions from organic chemistry, inorganic chemistry, and physical chemistry. However, time management played a crucial role in effectively tackling the chemistry section.

NEET 2023 Paper Analysis - Inorganic Chemistry

NEET 2023 Inorganic Chemistry section, this analysis focuses on the chapter-wise weightage, highlighting the importance of each topic. By understanding the distribution of questions across chapters, aspirants can prioritize their study efforts, ensuring a more targeted and efficient preparation.

NEET 2023 Paper Analysis - Inorganic Chemistry		
Chemistry Chapters and Topics	**No. of Questions**	**Weightage of Questions**
Inorganic Chemistry-I	**22%**	
Chemical Bonding	4	9%
p-block	3	7%
Periodic Table & Periodicity in Properties	2	4%
Hydrogen	1	2%
s-block	1	3%
Inorganic Chemistry-II	12%	
Coordination Compounds	3	6%
d-block & f-block Elements	2	4%
Metallurgy	1	2%
Qualitative Analysis	1	2%

NEET 2023 Paper Analysis - Physical Chemistry

Understanding the Physical Chemistry Chapter-wise Weightage ensures a well-rounded preparation, allowing aspirants to approach the exam with confidence and a thorough grasp of the subject.

NEET 2023 Paper Analysis - Physical Chemistry		
Chemistry Chapters and Topics	**No. of Questions**	**Weightage of Questions**
Physical Chemistry-I	**17%**	
Atomic Structure & Nuclear Chemistry	1	3%
Chemical Equilibrium	1	3%
Ionic Equilibrium	2	4%
Redox Reactions	1	2%
Gaseous State	1	3%
Mole Concept	2	5%
Thermodynamics and Thermochemistry	1	3%
Physical Chemistry-II	**15%**	
Chemical Kinetics	2	4%
Electrochemistry	1	3%
Solid State	1	3%

NEET 2023 Paper Analysis - Organic Chemistry

Analyzing the Organic Chemistry Chapter-wise Weightage helps in developing a better study plan, enabling aspirants to master crucial topics and enhance their overall performance in this section of the NEET examination.

NEET 2023 Paper Analysis - Organic Chemistry		
Chemistry Chapters and Topics	**No. of Questions**	**Weightage of Questions**
Organic Chemistry-I	**8%**	
Hydrocarbons	2	4%
General Organic Chemistry	2	5%
Organic Chemistry-II	**26%**	
Haloalkane	1	2%
Aldehydes, Ketones and Carboxylic Acids	2	3%
Polymer	1	2%
Alkyl Halide, Alcohol & Ether	2	4%
Aromatic Compounds	3	6%
Biomolecules	2	4%
Carbonyl Compounds	2	4%
Organic Compounds containing nitrogen	2	3%
Chemistry in Everyday Life	2	3%
Environmental chemistry	1	2%
IUPAC & Isomerism	2	4%
Practical Organic Chemistry	1	2%

The NEET 2023 Paper Analysis reveals several important aspects of the exam. The paper is dominated by theory-based questions, mostly sourced from the NCERT textbooks. While most questions are straightforward and factual, some may be lengthy and time-consuming, demanding careful reading and analysis. Aspirants can check out all of the **NEET question papers from previous years** to understand the exam instructions and question patterns more deeply. They can also take the benefit of our **online courses for NEET** to boost their exam preparation under the guidance of PW's NEET faculties.

Know about Physics Wallah

Physics Wallah is an Indian edtech platform that provides accessible & comprehensive learning experiences to students from Class 6th to postgraduate level. We also provide extensive NCERT solutions, sample paper, NEET, JEE Mains, BITSAT previous year papers & more such resources to students. Physics Wallah also caters to over 3.5 million registered students and over 78 lakh+ Youtube subscribers with 4.8 rating on its app.

We Stand Out because

We provide students with intensive courses with India's qualified & experienced faculties & mentors. PW strives to make the learning experience comprehensive and accessible for students of all sections of society. We believe in empowering every single student who couldn't dream of a good career in engineering and medical field earlier.

Our Key Focus Areas

Physics Wallah's main focus is to make the learning experience as economical as possible for all students. With our affordable courses like Lakshya, Udaan and Arjuna and many others, we have been able to provide a platform for lakhs of aspirants. From providing Chemistry, Maths, Physics formula to giving e-books of eminent authors like RD Sharma, RS Aggarwal and Lakhmir Singh, PW focuses on every single student's need for preparation.

What Makes Us Different

Physics Wallah strives to develop a comprehensive pedagogical structure for students, where they get a state-of-the-art learning experience with study material and resources. Apart from catering students preparing for JEE Mains and NEET, PW also provides study material for each state board like Uttar Pradesh, Bihar, and others
